4<sup>th</sup> & 5<sup>th</sup> September 2010

## Competitive Underwater Photography North Wales

### Itinerary:

The Saturday is all about competition underwater photography as you will also be entering the NUPG Summer Splash In! As well as getting advice from our resident professional photographer, who will give tips on composition as well as advice on competition entry, you will join the NUPG evening activities judging, along with a chat and a chance to enjoy dinner and a couple of drinks with fellow underwater photographers.

We will be diving on both Saturday and Sunday around the North Wales coastline which offers plenty of opportunities for some great photography. Dive sites like the Menai Strait, Trefor Pier, Treaddur Bay will be on the itinerary for the weekend of diving.

The best 2 shots from the weekend will also be entered into the Visions Summer Series finals.

We will be based in the Treaddur Bay area, where judging will take place on Saturday evening, air fills are available and many of the great dives sites are within a short drive.

Great prizes on offer include:

Scuba Travel Red Sea Live-aboard

Underwater photography equipment from Underwater Visions
